

Governors' Allowances Statement

January 2018

Governing bodies in maintained schools are given a legal choice whether to pay allowances or expenses to boards and Associate Members of the board to cover any costs, such as travel or childcare, which they have incurred because of serving on the board.

Following consideration, including reference to the Governance Handbook (January 2017), issued by the Department for Education, budget restrictions and also the current policies in place for paid school staff members, the Governing Body at Hazlewood Community Primary School have decided that allowances will not be paid.
