CPD Tracking Tools

CPD Report

The CPD Report area is where you can monitor your CPD progress or view all completed CPD. Here you can see the webinars you haven't yet finished as well as being able to download both individual webinar certificates or all previous certificates from those webinars already completed.

Tracking

Schools who have a School Membership have the ability track CPD across the whole school. There are two simple dashboards. The first allows you to track the roll-out of the membership across your workforce, ensuring everyone has logged in and completed their first CPD. The second gives you access on reports across any of our CPD to see who has started and who has completed it. You can also download certificates for any user in the system.

Certificates

Easily access all your CPD certificates in one place. With full downloadable certificates at your finger tips, making it easier than ever to manage users progress.

Features of the Hub

Streaming CPD

Start your learning instantly. Simply choose your webinar or membership, create an account, select a school and checkout by invoice or card. The hub will track your progress and you can continue where you left off when you want.

My CPD

Review and track all the CPD you have started and completed. Continue learning, watch webinars again and submit reviews to improve our service. You can also vote for CPD you would like to see featured next in the hub.

Browse CPD

Search, sort and filter our comprehensive library of available CPD. Non-members can buy new webinars. Topic members can view all webinars in their chosen topic whereas Leader and School members can access all current and future webinars.

Managing Users

Our 'School' membership allows schools to invite all their staff to access our CPD via one of three options; adding users individually, a bulk upload or emailing a customer invite link. Users simply confirm their account to access CPD instantly.

Managing Schools

Local authorities, multi-academy trusts and other managers of school groups can manage CPD at a school level. CPD can be tracked and compared across a number of schools, making the strategic management of CPD simple and hassle-free.

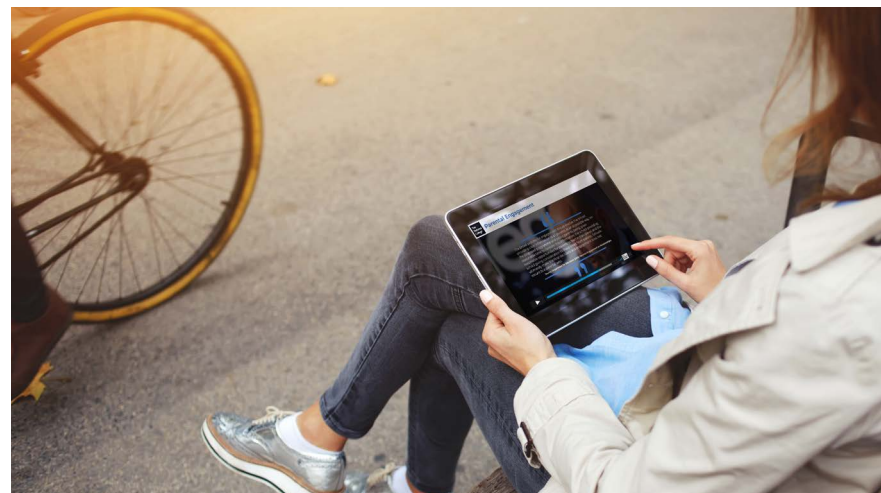

CPD Logging

Log all your CPD in one place, on one platform, with one click of a button. Upload, store and evidence all your CPD, whether undertaken externally or internally, offline or online, face to face or remotely, all in one central location.

The National College Remote Learning

The National College School membership is the perfect solution for remote learning. Our video update service means that you can feel confident in times of uncertainty. With that in mind, we've outlined 5 ways our School membership can benefit you.

Minimal Disruption

Remote learning through our membership means minimal disruption to staff training and development. Our learning hub can be accessed anywhere, at any time, with staff able to seamlessly pick-up any incomplete training at home as well as watching new webinars at any point.

Experts Delivered to You

We have a range of experts lined-up to discuss the latest hot topics in education, ensuring school leaders are kept as up to date as possible. Our webinar programmes are created with you in mind. We track the latest updates in policy, practice and research to ensure you are never left behind.

Essential Knowledge

Our Essential CPD courses are a perfect way to bring staff up to date in line with their latest statutory requirements across a range of topics. Cost-effective and time-efficient, our Essential CPD training covers everything from Safeguarding and Data Protection to the Prevent Duty and Health and Safety.

Overarching Control

Our new 'Watch List' feature means that school leaders can manage and set-up essential webinars that their staff must complete. This means that school leaders have absolute control over their school's overarching CPD requirements and makes the strategic management of their schools' professional development simple and hassle-free.

Remote Management

Our Learning hub means that you can manage and monitor staff progression wherever you are. This includes the ability to track CPD across the whole school as well as inviting more staff to access our video learning and engaging in their own personal development.

“We purchased the School Membership and have found this to be very useful, with the service proving to be excellent – especially now that you can log in online and see the CPD which is available.”

Jo Marcom, PA to Headteacher & SLT
Administrator, Pinewood School Academy Trust

“For me, coming over as an international teacher, The National College has been a fabulous resource for making me more familiar with how things work in the UK education system.”

Susan Mallard, Year 4 Teacher and
History Lead, Elangeni School

“I think out of all the categories which I've studied, the RSE videos have been absolutely outstanding.”

Susan Mallard, Year 4 Teacher and
History Lead, Elangeni School

“For teachers, where there is a relative area of weakness, they can decide and take ownership of their development. They can pursue areas that they need, or they want to pursue, and can take things back into the classroom. Which has just been amazing.”

Alex Burns, Head Teacher, PSHE Lead and
Designated Safeguarding Lead, Elangeni School

“The National College has been absolutely fabulous for me, because I've been able to look into things which I'm interested in and things which I'm unsure of.”

Susan Mallard, Year 4 Teacher and
History Lead, Elangeni School

“The range of webinars, topics and expert speakers on offer is impressive, often accompanied by a range of downloadable resources. Webinars can be accessed live and again afterwards – ensuring that the CPD is accessible anytime and anywhere. The production quality goes above and beyond what you might expect from a webinar, making for enjoyable viewing.”

Sarah Harrison, Chartered College of Teaching,
Teacher development programmes manager

“It has benefited our staff as we can access resources quickly and efficiently, with a good knowledge of subjects and broad range of topics provided on the platform.”

Jo Marcom, PA to Headteacher & SLT
Administrator, Pinewood School Academy Trust

“We've been able to offer personalised CPD for our teaching staff, our governors are able to pursue a range of personal interest professional development and we can actually do it at our leisure.”

Alex Burns, Head Teacher, PSHE Lead and
Designated Safeguarding Lead, Elangeni School

“We are well into our year and without a doubt, we will be continuing to use The National College, because it has blown us away.”

Alex Burns, Head Teacher, PSHE Lead and
Designated Safeguarding Lead, Elangeni School

Our Award-Winning

Webinar Programme

Each month we produce a comprehensive webinar programme which covers all of the latest updates and changes to statutory guidance and policy that school leaders, governors, trustees and key stakeholders need to be aware of. We develop this in-line with the aforementioned external changes to practice.
