Learning is not a spectator sport, so let's play!

**Front yard changes** – The school front yard has seen some dramatic changes over the past few weeks, with the completion of the trim trail, the brand-new netball nets, basketball nets and football nets. The front yard is beginning to take shape as an amazing place of play, teamwork and learning.

In the forthcoming weeks, you will begin to see the new mini golf course start to take its shape along with the new Boccia courts. This will allow our children to participate in multiple sports every day.

**New markings** were completed on the front yard on the 17<sup>th</sup> January 2022. 3 small sided courts for games such as football, hand ball, netball, basketball, and ultimate Frisbee.

Children will be able to play each sport in a safe environment with the new sports leaders program watching over and refereeing all sporting events.

The re-introduction to the sports and wellbeing leaders will see the school transform its lunchtimes to suit the needs of every child in our school and make sure everyone is enjoying themselves along the journey.

### Learning is not a spectator sport, so let's play!

The back yard will also have a new transformation and will become a yard for the creative thinkers with new calm zones. This allows for the free flowing options for the children to be able to decide where they would like to be for their own lunchtime.

If the children intend to play sports, the children can go to the front yard. If they intend to relax in our brand new extra large workshop then the backyard is the alternative. Inside the workshop will be room for children wanting to express their thoughts on creatively. The backyard will also see a new sensory garden be built and a chat corner for anyone who just needs a friend with a listening ear.

The back yard will host new clubs including gardening, art, play ground games and more.

The schools vision is to allow every child to be able to express themselves. Our team is determined to help every child enjoy new and exciting lunchtime activities and learn new skills.
